CHILD DEVELOPMENT

ATTENTION:

Family Child Care Parents

Family Child Care Subsidy Program

1. A new initiative has been implemented in Air Force Family Child Care (FCC) programs. The FCC Subsidy Program will assist working parents in finding quality, affordable childcare in FCC homes by sharing the cost of their childcare fees. Beginning (Dec. 1, 2003), parents of designated age groups will pay FCC fees according to their Total Family Income (TFI). This is the same method fees are collected in the base Child Development Centers.

2. Initially, parent fees for full-time care of children 0-2 years of age, children with special needs, and children needing care at night due to swing or midnight shifts will be subsidized. These situations are our greatest demand AF-wide at the present time. As funds become available, the subsidy may be extended to other age groups or circumstances.

3. It is necessary to complete a DD Form 2652 and provide documentation of your TFI in order to register for this program and set your fees in one of six (6) income categories. Documentation includes the most recent Leave and Earnings Statement (LES) or civilian equivalent for all employment of both parents. If one parent is a full-time student, proof from the academic institution indicating full-time student status is needed.

Parent can register for this program at the Family Child Care office Bldg. 7420. Please call Gwendolyn Jones, FCC Coordinator for your appointment at 606-4639 or 606-3255.
